## Courses

---

- Basic course Python
- Python OOP
- Algorithm Theory
- Computer Graphics

## Certificates

---

- IELTS – 6.5

## Summary

---

Passionate about coding Unit Factory student with academic background, curious about researching approaches to make things clear and simple. Keen on challenging tasks that involve learning unknown and filling up the vocabulary with some new practical skills. Has strong experience of coding on C and Python. Have solid experience of working under projects that involve learning and implementing unfamiliar technologies. Right now looking for a software developer opportunity that will allow me to work alongside a proficient team of developers. Thereby helping to drive career progression to higher roles in the future.

## Skills

---

### Software development

- Knowledge of usage Python libraries like Numpy, Pandas, scikit-learn in ML projects.
